THE ANCIENT WAY

In ancient times, pilgrims to Lough Derg arrived to Lough Derg via Lough Erne, and having landed at Waterfoot proceeded overland. The Ancient Way Trail, is an attempt to recreate their path.

A - B The route leaving the car park at the Termon Centre crossing the wooden footbridge and turn right onto the former railway line, after **ca 700 metres take a right** onto a tarmac lane.

B Climb the hill onto the Donegal Road, turn left and after 350 metres veer left onto a side road, at the T-Junction the walker has the option of turning left for 1 mile detour to Castle Mc Grath, to the Waterfoot where pilgrims would have originally landed on their way to Lough Derg, total detour 2Km.

B - C Turn right crossing the Donegal road after 100 metres, follow the road around for 2Km, take the next left, continue along road for ??? metres (joining with the Boeshill walk) enjoy the lovely scenic views on the left over Carrickrory and Lough Aghafoy and Lough Erne on the right.

C - D At the next T-Junction take a left, continue along road then veer left, follow the lane round until you meet the Lough Derg Road?????
